

The Arc Oneida-Lewis

Respite Care Home

The Arc's **Respite Care Home** provides respite services to families who live with and care for individuals with intellectual and developmental disabilities, who are Medicaid Waiver eligible. Our specially-trained staff are skilled in providing guests with daily and overnight care which responds to each individual's needs in a comfortable home-like atmosphere.

Guests enjoy prepared meals, planned leisure activities, community outings and the opportunity to socialize with other guests in a safe, supportive, certified setting. Staff conduct the program with nursing oversight, though a nurse is not present at all times.

The **Respite Care Home** is an accessible site.

Transportation to and from the program is not available. However, resources such as The Arc's Dial-a-Drive program, public, school or day program transportation options may assist families with transportation needs.

The **Respite Care Home** requires individuals to complete an intake and screening process to begin receiving this service. Applications are available for download from our website.
