

We're ready, willing, and able!

The Arc's Employment Solutions program has a pool of qualified applicants who will become dependable, productive employees. People with developmental disabilities working at competitive wages in our local community is an excellent example of the relationships forged between business/industry and the rehabilitation community.

FOR PEOPLE WITH DISABILITIES AND THEIR FAMILIES:

We can work with you to provide meaningful, competitive employment at businesses in our community. If you are an individual or parent searching for vocational services, we have many career paths for consideration. We would be happy to meet with you to discuss our programs.

FOR BUSINESSES:

We want to meet with you to discuss the free services available to you. We can show you just how easy and beneficial it is to link qualified applicants to fill your business's available openings. We have worked with over 100 employers in our communities.
