

The Arc, Oneida-Lewis

RESPIRE REIMBURSEMENT PROGRAM

The Arc's **Respite Reimbursement** program enables families to hire their own respite worker to care for their loved one while having the cost for care reimbursed by OPWDD funds.

Anyone can provide the respite, as long as the provider does not live with the person receiving the service. Families pay their worker's wage and then submit a monthly service log to the Arc for reimbursement up to a predetermined dollar amount per quarter.

People must be eligible for OPWDD services and eligibility is subject to an annual recertification.
